Two paragraphs

or

One short paragraph

+ List of 4 to 6 Points

or

A picture of your dream machine.
Suggested Slides Are Only Hints

Many of the best talks on day 1 used more than 3 slides. Most had more than one image. Slides with colors worked well.

If you show 4 to 6 slides, make sure you can cover all the material without talking too fast. Very rapid speech is poorly understood and may bore listeners.

Lists in large fonts are better on slides than long paragraphs in smaller fonts.

Avoid backgrounds that hide your text.
What It Costs and Where to Buy It

Vendors and costs of proposed model(s)

+ Concluding Paragraph

Summarizing which computer system, How it will help company’s income, and Where best to buy it, at what total cost.
